

# Leicestershire Learning Disabilities Partnership Board

## Workshop / Feedback Professionals and Carers April 2014

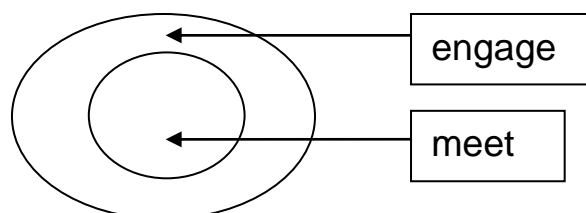

### Specialist Community Learning Disability Teams Better Health

#### What makes a good service?

- Works well with other services – enabling, empowering – to build relationships
- Helping other mainstream services to do a good job – may be very wide like transport, police, leisure centres, housing
- Think health in widest way – join things up
- Teams are multi-disciplinary – work well together
- Getting LPT on board
- Transition
- Convince top bosses – Commissioners “Nothing about us – without us”
- Person and family centred
- Personalisation – accessible and friendly
- Personal budgets and developmental pot
- Personalised health budgets to help maintain health
- Reduce bureaucracy
- Flexibility

#### How can we work with people to make a better service?

- Trust families
- Consultation
- Use of media / skype

- How can other organisations meet health needs?
- Training and supporting others to deliver
